Email Communication:

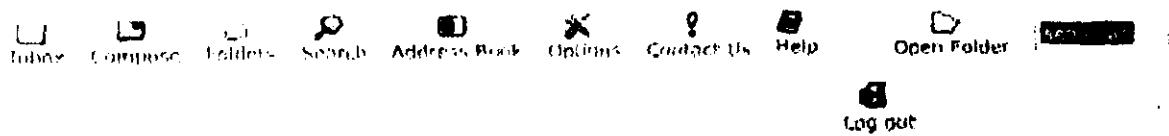

Tuesday, December 19, 2006 at 4:43pm
From: Cadena Magic magic973@ptc.net
To: top98img@yahoo.com

Message:

Dear Sirs,

Upto the present we have received no answer in relations to the confirmation of the antennas purposed by you to replace the WUKQ one. On July 19th 2006 you were sent by email the quote. On August 18th 2006 you were sent by email with the models and types of antennas as purposed by you, verifying if the information was correct. On the 18th of August 2006 we were informed that Mr. Max Sitem and Nestor Perez would be answering the following week and to excuse the delay. On the 25th of August an email was received in relations to the equipment list. On the 1st of September 2006 an email was sent to you expressing that no confirmation was received in order to process the order. On the 5th of September 2006 the August 25th email was resent. On the 6th of September 2006 an email was received with the message "we are going to see if this will work". On the 6th of September an email was sent for a certification and signature in order to make the order. Today the 19 of December, 2006 we are still waiting for your answer.

Estimados señores:

Hasta el presente no hemos recibido contestación alguna relacionado a la confirmación de las antenas propuesta por ustedes para reemplazar la de WUKO.

- *El 19 de julio de 2006 se le envio vía e-mail la cotización
- *El 18 de agosto de 2006 se le envio e-mail con los modelos y tipos de antenas según propuesta hecha por ustedes, verificando si la información estaba correcta.

- *El 18 de agosto de 2006 en respuesta nos informaron que el sr. Max Sitero y Néstor Pérez estarían contestando la semana entrante y que perdonara la demora.

- *El 25 de agosto se recibió un e-mail relacionado a la lista de equipo.

- *El 1ro. de septiembre de 2006 se le envio un e-mail expresandole que no se había recibido la confirmación de las antenas para poder procesar la orden.

- *El 5 de septiembre de 2006 re-enviaron el e-mail de 25 de agosto 2006.

- *El 6 de septiembre de 2006 se recibió un e-mail donde el mensaje era , "vamos aver si esto trabaja"

- *El 6 de septiembre de 2006 se le envio un e-mail para la certificación y poder firmar para hacer la orden.

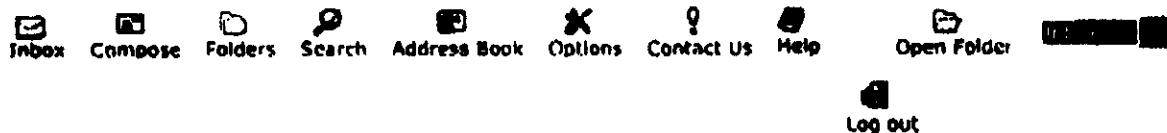

- *Hoy 19 de diciembre de 2006 estamos en espera de su contestación.

Dear Fellow Broadcasters:

After meeting a couple of months ago in San Juan with Aurio A. Matos we wish to verify your selection of the new antenna for WUKQ-FM, 98.7Mhz in Mayaguez

In order to place the order of the new antenna please answer the following:

- 1) It is a Jampro or ERI antenna that you prefer?
- 2) It is six bay full wave or half wave?

We need an answer this week in order to place the order with the appropriate manufacturer. Remember that we are willing to cover the 301 application cost with your Consulting Company so you can receive the CP at new frequency. We wish to implement the changes half this year, please answer quickly. Thank you very much.

Sincerely Yours,

Juan Carlos Matos Barreto

Mr. Jesus M. Soto
Box 487
Caguas, PR. 00726

Dear Mr. Soto,

Some months ago we met with your consulting engineer for information on the equipment required for the frequency change for WPRM-FM. Knowing the professionalism and seriousness of your firm we expect that you give consideration to this matter.

Yours truly,

José J. Arzuaga

Cc: WYAS-FM Aureo Matos, Jr.

Caguas, PR 00726

Estimado señor Soto:

Hace varios meses nos reunimos con su ingeniero consultor solicitando información sobre los equipos requeridos para el cambio de frecuencia de WPRM-FM.

Conociendo el profesionalismo y la seriedad de su empresa esperamos que den consideración a este asunto.

Atentamente:

José J. Arzaga

Univision Radio, Puerto Rico
Engineering Department
Engineer Max Citero

Dear Mr. Max Citero:

In the meeting which was held in the office of Carlos Saraf a few weeks ago we were in agreement in submitting the engineering to the FCC for the construction permit for the new 98.7 frequency for the WKAQ station, Mayaguez Puerto Rico. Up to today August 22nd 2007 I have no confirmation if this process has been completed. Its important for this frequency change that this be submitted in order to obtain the construction permit for the new 98.7 frequency.

In addition I was speaking with engineer Nestor Perez in relation to the antenna for the Ponce Booster and he indicated to me that I could place the order for the antenna and we would cover the cost of the same. It is important that we take care of this process because the date we are projecting to carry out this change is January 2008.

I appreciate your cooperation, if you consider a meeting please communicate with me by means of email malossicembre@gmail.com or my cellular 787-608-3939.

Yours truly, Aurio A Matos Barreto
President La mas Z Radio Inc. WYAS

Agosto 22 de 2007

Univisión Radio, Puerto Rico
Departamento de Ingeniería
Ing. Max Citero

Señor Max Citero:

En la reunión que sostuvimos en la oficina de Carlos Saraf en las pasadas semanas estuvimos de acuerdo en someter el ingeniering ante la FCC para el permiso de construcción en la nueva frecuencia 98.7 de la emisora WKAQ Mayaguez, PR. Al dia de hoy Agosto 22, 2007 no tengo confirmación en que este proceso se alla realizado es importante para este cambio de frecuencia que el mismo sea sometido para que así tenga un permiso de construcción en la nueva frecuencia 98.7 .

En adición estuve hablando con el Ing. Nestor Pérez relacionado con la antena para el buster de Ponce y le indique que podía hacer la orden de la antena y nosotros cubrimos el costo de la misma. Es importante que atendamos todo este procedimiento porque la fecha que estamos proyectando para ejecutar el cambio es enero de 2008.

Agradezco tu cooperación, si consideras una reunion puedes comunicarte a travez de e-mail matossiembra@gmail.com o a mi celular 787-608-3939.

Att. Aurio A. Matos Barreto
Presidente La mas Z Radio Inc. WYAS
